

MULTI-ENERGY MICROWAVE OVEN LABOTRON FL 12000

The multi-energy microwave oven LABOTRON FL12000 is designed for industrial laboratory use for **the development of new processes** requiring heating, drying, or sanitizing capabilities.

Some treatment procedures require the **synergetic use** of microwave energy with:

- Ventilation
- Hot air
- Steam
- Infrared

Our equipment offers the possibility of **controlling and monitoring various parameters** such as:

- Temperature
- Moisture
- Energy

APPLICATIONS

- General heating
- Drying
- Disinfection
- Debacterization
- Pasteurization

MULTI-ENERGY MICROWAVE OVEN

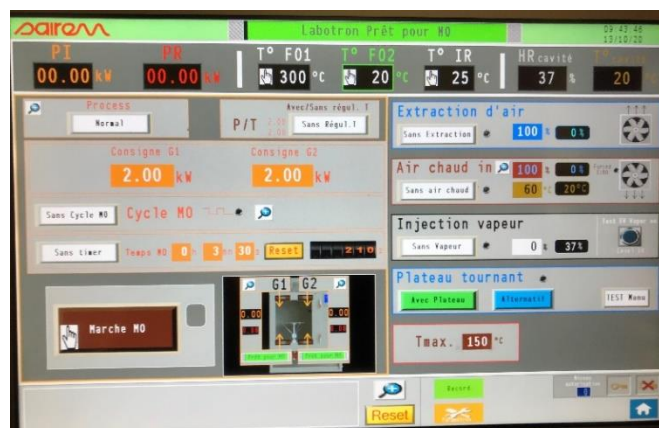

LABOTRON FL 12000

KEY BENEFITS

- Good homogeneity even with thick products: microwave generators installed on the top and at the bottom of the oven cavity
- Monitoring of the process: integrated product temperature measurement

Infrared option

Touch screen panel
